

STATINTL

Following is that which Mr. Coffey gave me over the 'green' phone on Thursday, 9 July 1970.

Regarding signal analysis facilities.....

IPRD/ORD

STATINTL

Analysis Division of the Office of ELINT

Two pieces in Headquarters Building

Office of Communications Operational Center

Capability in NPIC

No one mentioned FMSAC

I really don't understand what it all means and this is all that he gave me.
